

## **Objectives: Colonization and the American Revolution**

### **English Colonies in America**

- Distinguish between New England, Middle, and Southern Colonies (economy, daily life, etc.)
- Identify the impact of Triangular Trade on slavery in the Americas
- Describe the relationship between the Great Awakening and revolutionary fervor
- Analyze how democratic thought and institutions were influenced by Enlightenment thinkers

### **Toward Independence**

- Empathize with colonists who were taxed without representation
- Identify the problems between England and its colonies through the use of metaphor
- Discuss/debate reasons for and against colonial independence
- Write a well thought out dialogue between a Loyalist and a Patriot that expresses key arguments on colonial independence

### **American Revolution**

- Describe the characteristics of the British and American military forces at the start of the American Revolution
- Identify the main reasons why the Continental Army was able to defeat the British in the Revolutionary War
- Explain the main provisions of the Treaty of Paris
