

Reading Notes: Early Industry and Inventions p.341-345

Reading Notes:

1. Who was Samuel Slater and how did he help start the industrial revolution in the United States?

2. Why was the New England area a good place to build factories?

3. Explain, in detail, the "Lowell girls" experience.

4. How did Eli Whitney revolutionize manufacturing methods with interchangeable parts?

Chart:

Inventor	Invention	Date	Impact of Invention
Samuel Slater			
Francis Cabot Lowell			
Eli Whitney			
Robert Fulton			
Samuel F. B. Morse
