

Letter To Parents

Dear Parents/Guardians,

My name is Mr. Corral and I am your child's United States history teacher. To most people history seems like something that happened long ago and can only be found in thick boring textbooks. Untrue! History is happening around us every day. The events and happenings from long ago also give meaning to our lives today.

I must have your child's full cooperation and your unyielding support for an academically enriched environment. Together we can make this happen! Together, we can prepare your children to understand the past, make sense of the present, and face the challenges of the future! You can check your child's progress and be informed of class assignments by going to our class website at www.mrcorral.com

Dear Students,

These are the **two basic rules** for our classroom:

1. **Be prompt:** When the tardy bell rings, everyone should be in his/her seat.
2. **Be polite:** Please respect everyone's space, privacy and opinion, and we will do the same for you.

You will be required to take notes, answer questions, write, speak, and read with intelligence and maturity. You will take regular quizzes as a check for understanding and complete several projects. You will be required to bring with you all required supplies everyday.

You should always bring to class:

- Notebook with (30-40) sheets of paper,
- 2 pens,
- 2 pencils with erasers,
- 1 set of colored pencils

Your grade is computed using an average of all points earned. Points are assigned for tests, projects, class work, and homework. Official grades are generated by the school every five weeks.

I can be reached via email at mrcorral@gaggle.net or through the main office at (818) 833 - 3900.

Sincerely, Mr. Corral
